11th National Leadership Conclave

National Leadership Conclave which is one of the annual flagship events of AIMA that focuses on a topical theme of national importance and is addressed by eminent speakers including Ministers, CEOs and Thought Leaders from different spheres of life, who share their views with participants through interactive sessions.

About theme : Transforming for tomorrow: Growth with Resilience

While the long term future for India remains very positive, the country needs to navigate successfully thru the geopolitical quagmire that the world has become. Next 5 years will be critical to India's medium term story, and industry will have to strategise as well as execute. The chances of any industry getting disrupted are higher than ever before, not only due to technology but also because of geopolitics. For example, the China + 1 strategy of global organisations, which appeared to favour India's growth aspirations, is now uncertain due to the stance taken by the USA. The most important characteristic any company or country needs to demonstrate over next few years will be Resilience, which also calls for an ability to deeply understand the impact of geopolitics and technology.

Who Should Attend

The conclave will bring together policymakers, CEOs, thought leaders, entrepreneurs, investors, senior level managers, and students.

About AIMA

The All India Management Association (AIMA) is the Voice of India's Leaders and Managers, and the apex body for management in India with over 38000 members and close to 6000 corporate / institutional members through 68 Local Management Associations affiliated to it. AIMA was formed 70 years ago and is a non-lobbying, not for profit organisation. It works closely with industry, Government, academia and students, to further the cause of the management profession in India; and is represented on a number of policy making bodies of the Government of India and national associations. AIMA offers various services in the areas of testing, distance education, skill development & training, research, publications, executive education and management development programmes – both in the physical and virtual mode. In addition, AIMA brings to the Indian managers, the best management practices and techniques through numerous foreign collaborations with professional bodies and institutions.
